Centre Program

Our program is created each week. It is centred around children and their interests; designed to enhance learning and development, as well as promote friendships and enjoyment. Children are also actively involved in planning, implementing, and evaluating each program and their suggestions are listened to and acted upon where appropriate. We promote children being leaders in their leisure time. We welcome your ideas and suggestions for our program.

Storypark

Storypark is a secure, private online community that our centre uses to communicate with families. We share our fortnightly newsletter and announcements, as well as stories of children participating in our program for you to see, hear, read, and enjoy. You will receive an invitation to Storypark so that you can see stories featuring your child.

Menu

Breakfast and afternoon tea are prepared for the children each day, including accommodations for dietary requirements. During Vacation Care, we additionally provide morning tea and lunch. The menu undergoes seasonal changes and families are invited to give feedback and make comments.
